### **Meetings That Work For YOU !**

The Inn hasn't been selected the best Retreat Center for many years in a row by **NW Indiana Business Quarterly Magazine** by accident.

Local and regional business do not call the Inn at Aberdeen "Home" each month, for nothing.

Contact our Innkeepers to learn how we can help you plan and produce a meeting that will WORK for you.

While we can't guarantee that Suze Orman (award winning author and financial guru) will walk in on your next meeting and provide an impromptu

lecture as she has done, or that you will rub shoulders with Supreme Court Justices or other

celebrities that have enjoyed the Inn - smart businesses from Indiana, Michigan, Chicago and its suburbs have found that the Inn at Aberdeen can exceed their expectations !!

The Inn provides our business guests full meal services, meeting set-up materials, flip charts, easels, dry erase board, slide projector, LCD projector, overhead projector, 35" computer monitor, projection screen and speaker phone —**FREE!**
